

InfoPrint product line: Industrial

Best of breed solutions for your industrial environment

InfoPrint Solutions Company™, a Ricoh-IBM® joint venture, was founded with the purpose of creating output solutions that solve complex business problems. Our comprehensive solutions can enable rapid-ROI results for companies of all sizes. Our customers rely on InfoPrint to help them maximize productivity and lower total cost of print through offerings that include:

- Professional services
- Integration expertise
- Printers
- Software
- Supplies
- Financing
- Strategic partnerships and third-party software
- Service and support up to 7x24x365

InfoPrint Solutions

Output system choices now are rarely as simple as choosing the right printer. Output can be a strategic business decision that contributes to top lines and bottom lines. That's why we offer solutions. Our strength in systems integration can minimize disruption, risk and complexity as your business grows and changes.

Automated Document Factory

Enable postal optimization and mailroom integrity in one or multiple sites with our vendor-neutral, closed-loop automation solution. Operate with a single view of the entire document production process from data creation to document composition and file submission to printing, finishing and shipping.

Print on Demand

Streamline production of short-run books, manuals, versioned textbooks and personalized marketing collateral using Web-to-print, variable data print capability, pre-press and makeready tools, and workflow software that enables comprehensive control of jobs and processes.

TransPromo

Add personalized promotional messages to transactional documents to drive incremental revenue, boost customer loyalty, strengthen your brand and lower mailing costs. Turn credit card statements, hotel bills and other customer communication pieces into powerful direct marketing media.

Optimization

Optimize your information and output management environment by consolidating printers and using networked multifunction devices. As a result, you can lower total cost of print, reduce administration costs, increase end user productivity, improve utilization, and better manage and track assets.

Industrial

InfoPrint industrial printers are designed to perform reliably in demanding and harsh environments. Whether you need the latest in multi-form flexibility, barcodes or RFID capability, InfoPrint printers can boost productivity throughout your supply chain.

InfoPrint 6700 Mid Volume Thermal

Reliable thermal printers. RFID capability to help optimize supply chain management.

Prints up to 10 inches per second (ips) (254 mm per second)¹ in 4-inch width at up to 305 dpi resolution.

**InfoPrint 6700 High Volume Thermal**

Industrial strength thermal printers. R40 with RFID capability to help optimize supply chain management.

Prints up to 10 inches per second (ips) (254 mm per second)¹ in 4-, 6- and 8-inch widths at up to 300 dpi resolution.

**InfoPrint 6500 Line Matrix Family**

Delivering heavy-duty, cost effective, quiet printing with a small footprint.

Offers high-quality line matrix printing at speeds of up to 500, 1,000, 1,500 and 2,000 ipm.

**InfoPrint 4247, 4247-X03, 4247-Z03 & 4247-L03**

Designed for high output performance in demanding print environments.

Print speeds up to 90/110/135 ipm¹ and up to 1.9 million images per month² (letter/A4) so you can complete jobs quickly.
